### ■ Updating Your Operating System

#### Windows

Go to the Start menu and select Windows updates. For more information regarding updating your system, visit <http://windowsupdate.microsoft.com>.

#### Macintosh

Go to the Apple menu and select Software Update. For more information regarding updating your system, visit <http://www.apple.com/macosx>.

### ■ Handling Precautions

Ineo products are precision instruments and must be handled with care during unpacking and installation. Drives may be damaged by rough handling, shock, or vibration. Be aware of the following precautions when unpacking your ineo external storage kit:

- ▶ Do not unpack the product until you are ready to install it.
- ▶ Do not drop or jolt the product.
- ▶ Do not move the external storage when it is powered up.

## M.2 SSD Installation

### 3 Install the M.2 SSD

#### NGFF(TYPE-A)

Install the M.2 SSD on the PCB tray, and lock with the screw

#### NVME(TYPE-C)

Place the thermal pad on the SSD, then put the heat sink on top, and insert the SSD and fix with screw

### 4 Push back the PCB tray and lock with the screws
